Interpretive Group Canoe/Kayak Trip
on the Missouri National Recreational River Water Trail

Saturday, July 11, 2015
8:00 AM – 12:00 PM

An opportunity to experience one of the nation’s greatest wild and scenic rivers!

Join a ranger from the National Park Service for an informative trip on the Missouri National Recreational River Water Trail. The route will be from Myron Grove (Highline) near Meckling, SD to Clay County Park near Vermillion, SD. Guide service will be provided by staff of the National Park Service and will include interpretational stops along the way. Paddlers will learn about the cultural history of the river, including a nearby steamboat wreck from 1870, and see unique features such as Goat Island, rock exposures from an ancient sea, and cottonwood forests.

Participants will need to provide their own canoe or kayak for this event. Shuttle service will be provided. The trip will last approximately 4 hours. Bring your own water, snacks and sunscreen.

Registration for this event is required and limited to 12 participants.
